

Country Club Homes wins award for historic renovation

Country Club Homes Inc. of Wilton recently won a 2011 HOBI Award for Outstanding Spec Home Remodel. This marks the eighth consecutive year that Country Club Homes Inc. has received industry recognition by the Home Builders Association of Connecticut (HBA CT). Country Club Homes is at 462 Danbury Road.

The award-winning

home, originally a 1911 manor home beside an orchard, was custom-renovated in downtown New Canaan at 322 Main Street.

Country Club Homes Inc., along with Michael Smith Architects, did the renovation project, which entailed blending of the original detailing of the stone and shingle home with new materials and fixtures.

With the latest in foam insu-

lation, this period home is now energy efficient.

The home is listed with Helen O'Neill at William Pitt Sotheby's International Realty of New Canaan, at 203-966-2633, or honeill@williampitt.com.

Information: Country Club Homes Inc., 203-762-0550, or countryclubhomesinc.com.
